Professional

From day one, we have been creating nail products for professionals. Our lab is our key. Our chemists create hundreds of formulas monthly. Only the best ones, tested by professionals and approved by Kinetics educators, are launched to the market.

Passionate for design

We believe design matters. Beautiful product packaging is our passion and necessity. We love elegant, simple, and clean. It is our style of living and the same we express in our products. Coming from northern Europe, we get our inspiration from the Nordic aesthetic and its pristine nature. We simply can't think of compromising design.

Friendly

We are all humans. We trust in relationships. We grow together with our partners by sharing our success and mistakes. We listen, and we respond. We are simple, and our products are alike – easy to use, with clean design and clear function.

Exploring

We are passionate about life, and we believe the best way to live it is by exploring it. As a team, we welcome challenges and adventures: rope courses, marathons, and races to name a few. And we bring this spirit to our work in catchy polish names, crazy collection stories, and playful products. It gives color to our lives.

SEALERS

Sealers create a perfect high-gloss finish top coat for gel and acrylic extensions.

#ESS05
Super Sealer

SUPER SEALER 0.5 fl oz/ 14 ml

Tack-free, acetone-resistant finishing layer. Contains a slight amount of blue pigment to prevent yellowing.

#EUS05
UV Sealer

UV SEALER 0.5 fl oz/ 14 ml

A UV-drying top coat. With its thicker consistency is perfect for use on 3D nail art.

BONDERS

Bonder creates adhesion between the natural nail plate and the gel product. It acts like double-sided sticky tape between the keratin layers of the natural nail and the gel.

#EAB05
Air Bonder

AIR BONDER 0.5 fl oz/ 14 ml

Requires no curing in UV or LED lamp and provides faster service. Use it on healthy nail plates.

#EUB05
UV Bonder

UV BONDER 0.5 fl oz/ 14 ml

Bonder will create a protective layer on the natural nail plate. Use it for thin and sensitive nails, indicated by a reddish-pink appearance.

GEL BRUSHES

Synthetic gel-sculpting brushes with durable acrylic handles. Perfectly shaped for clear, pink, and French gel applications.
